The SABA North America Corporate Counsel College

Addressing the Needs of South Asian Corporate Counsel

SABA North America is thrilled to announce the launch of the Corporate Counsel College. The CCC is a unique program specifically designed to meet the needs of our corporate counsel with a focus on the latest issues and trends faced by members of our in-house community. CCC events are limited to corporate counsel and sponsoring firms. The CCC's mission will focus on promoting and advancing a pipeline of South Asian attorneys towards senior level positions across companies in North America. Each series of the CCC will focus on a particular theme and feature one or more of the following during the course of the year:

- An intimate Chai Chat discussion with a prominent General Counsel or Chief Legal Officer
- Highly focused panels on practical areas important to in-house counsel and relevant to corporate environments with a focus on business goals
- Networking for and among corporate counsel
