

# SABA LEADERSHIP INSTITUTE

## WHAT

An innovative leadership program designed to "*mind the gap*" in leadership development for mid-career attorneys and provide these attorneys with the tools they need to navigate the field and reach the top ranks of the legal profession.

## HOW IT WORKS

SABA brings together a fellowship class of diverse mid-career attorneys (roughly 10-15 years of experience). Over 8 months, through virtual sessions, these fellows learn from each other, seasoned SABA attorneys, and experts in the field.

## FELLOWSHIP BENEFITS

The SABA Leadership Institute creates and fosters a safe space for frank and honest dialogue on topics important to mid-career attorneys. Fellows have access to monthly leadership development sessions with experts and seasoned SABA attorneys who each have 20+ years of experience. In addition, each fellowship class has peer-to-peer networking opportunities for fellows to discuss the day-to-day challenges and opportunities they face in their careers.
